

INDOOR BASE BALL
GAMES NOW ONFirst Games Furnish Excite-
ment And Enthusiasm For
Future Games

The initial game of indoor ball was played at the High school gym Monday night and great excitement and enthusiasm prevailed.

FIRST GAME
Bonnie took the mound for the Pirates with Willette receiving. His delivery baffled the Scribblers until the third inning when he was hampered for six runs. Liebenstein, the old reliable, then took the box allowing only three scores in the remaining six innings. Post tossed the ball for the Scribblers in great style but lack of support in the fifth inning allowed five runs. Foster, the erstwhile bush-leaguer, behaved very creditably behind the bat.

The Scribblers—Foster, Post, Ash-ton, Jas. McRae, Rick, James, Caldwell, Sengbush, Swanson, Bob Caldwell.

The Pirates—Bonnie, Willette, Sorenson, Jamieson, Korbenot, W. Liebenstein, E. Liebenstein, Carlson.

Pirates 0 0 0 5 2 0 3 —10

Scribblers 1 0 5 2 0 0 1 0 —9

SECOND GAME
On Tuesday night the Wisconsin crossed bats with the Paper Mills and took home the long end of the score. Eli and Dave Payette delivered for the Wisconsin with Ayres receiving. Carroll and Tietz for the Paper Mills with Brelle doing the heavy work. The Paper Mills improved each inning but their rally in the ninth failed to overcome the lead which the Wisconsin had earned earlier in the game. The Wisconsin played air-tight ball in the first seven innings.

Wisconsin—Ayres, Graf, Alex Payette, Dave Payette, Clawson, Eli Payette, Lawrence, Black, A. Payette.

Paper Mills—Wesley, Tietz, Pan-kratz, Bettiga, Giles, Dunning, Brelle, Peltz, Carroll.

Wisconsin 2 0 6 0 1 1 4 3 —17

Paper Mills 0 0 0 0 2 0 0 3 6 —11

Bellie and Roller umpired. They handled the games in a very creditable manner.

The schedule for next week: Monday night, Pirates vs. Wisconsin; Tuesday night, Scribblers vs. Paper Mills.

The games start at 8:15. No admission will be charged.

THE BIJOU

The high class motion pictures being shown nightly at this theatre, which has become known as "the house of features" brings forth high praise from the movie fans of Rhinelander. Saturday night "Alias Jimmy Valentine" was shown to a capacity house and it pleased all. Sunday night a program equally as interesting was given with special musical features added, and Tuesday evening Lillian Russell in "Wildfire" was the attraction. This was an exciting picture well presented and it pleased the large number who had the good fortune to see it.

Among future treats for Bijou patrons is C. Aubrey Smith featured in "John Gladly's Honour" for Friday night, "The New Adventures of J. Rufus Wallingford" next Tuesday, and for Wednesday, "Elmer Glynn's Three Weeks," this in five parts and 280 scenes.

NOT HELD FOR
LAW VIOLATION

In our last issue we stated in the proceedings of the Municipal court that a warrant had been issued for W. P. Jewell for violation of the game law. The search for evidence of meat or hides of deer resulted in none being found on his premises and he was not held. A trip to the river at a late night hour to bring home a boat he had there led one of the nearby residents to think that he might have venison in his possession and a search warrant was issued, the result being as above stated.

CLEANS STANDPIPE

On Saturday Water Works Superintendent Olson had the stand pipe drained and thoroughly flushed out, and the well at the pumping station was also given a thorough cleaning. During the time this work was being done the electric pumps were put into commission and the steam pumps were gone over and carefully examined. The use of the electric pump accounted for the milky appearance of the water when first drawn Saturday.

LOOK TO WELFARE
OF LUMBERJACKS

In preparation for the winter season in the northern woods, the Wisconsin industrial commission has arranged to carry its industrial safety campaign into the logging industry. Woodsmen will be "wised up" to the simple science of preventing accidents, says a Madison dispatch and will be shown the advantages of coming out of the woods next spring with two legs, two arms and two eyes instead of waking up in a quiet hospital ward.

In appealing to the loggers to prevent accidents, the industrial commission has gone right to the point by telling workmen just how the most men are injured in the woods. Here are some sample phrases from a big poster that soon will adorn the cook shack and the bunk house:

"271 men were injured last year while handling axes; many men who have carried the ax with the head under the arm have stumbled and fallen and have been seriously injured."

"When a tree falls it is likely to kick back from the stump; get back far enough so you cannot be struck."

"When a tree starts to fall, get out of danger as quickly as possible; look up and watch for falling limbs; 211 men were injured last year by falling limbs."

The poster bears paragraphs on several other topics, including the following: Kicking horses, hitching on to log, look out for stumps, hooks stand away, twisted chains dangerous, overloading cars, etc. The poster was compiled and designed by a special committee of loggers working in conjunction with the commission.

TEACHERS NOW
ON PENSION LISTReport Of Secretary Of State
Retirement Fund Shows
Condition At This Time

There are 10,452 teachers in the state, outside of Milwaukee, contributing to the state teachers' retirement fund. There are 170 teachers receiving a pension, having taught twenty-five years. These figures were announced by Secretary R. E. Loveland, who prepared last week a report of the fund for the state teachers' association at Milwaukee. The average annuity paid is \$365.96 this year, compared with \$372.12 last year.

In the last year 257 teachers who had been paying into the fund retired and were paid refunds of \$1,721.79. Of the 170 teachers retired and receiving annuities, 27 are men and 143 are women. Three who were receiving annuities died during the year and fifty-seven additional annuitants were added.

The total resources of the fund on Sept. 1, 1915, were \$356,809 compared with \$256,223 for the same date last year. During the year \$167,171 was received. The state paid \$65,610 or 10 cents on every child of school age outside of Milwaukee county. The teachers paid \$71,634.08 and the annuitants, who had not been paid, \$19,220. There was paid during the required length of time, contained in annuities \$57,755.

YOUNG COUPLE
MARRY MONDAY

On Monday morning at nine o'clock at St. Mary's church Rev. Father Beaudette united in marriage Miss Rosa Smitke and Archie Edwin, both of this city. Miss Katie Smitke, sister of the bride, and Ernest Willette acted as bridesmaid and groomsmen for the happy couple. Both are well known young people of the city, having lived here many years. The bride is a daughter of Mrs. Maggie Smitke, 1006 Pinos St., and the groom a son of Mr. and Mrs. Julius Edwin, 34 Alban street. They will make their home in this city and commence housekeeping in a few weeks. The best wishes of their many friends are with them.

SENATOR SCOTT DEAD
George E. Scott of Prairie Farm, senator from the Twenty-ninth district and chairman of the senate finance committee of the 1915 legislature, died at his home Tuesday afternoon after a long illness, due, it is said, to overwork. He was born in Durand, this state in 1860. Since 1904 he has been active in politics as a Republican, being elected to the senate in that year and returned at each subsequent session. Burial will be at Prairie Farm on Friday.

ARE YOU A ROOTER
OR A REAL BOOSTER?

(Contributed by E. O. Barstow)
Some people who think because they go out and holler, while someone else takes all the responsibility and does all the work, that they are entitled to just as much credit as the one who assumes the load, but there is a vast difference. A good loyal rooter has the making of a first class booster in his system, if he will allow it to develop. He should never delude himself with the belief that it is through his rooting that many worth-while things are accomplished. It is very creditable to get out and wave a flag or our arms and holler whether it be at a foot ball game or anywhere else where you think stimulating is needed in competition of any sort. The exercise will do you good. It may help you to view things from a different angle, but just stop and think how futile a few vocal or body gymnastics are compared with the work that men do who are trained for the contest.

Life in Rhinelander is one continual contest. We as a city are competing with several cities for supremacy in our products. Each individual competes with the one side of him for mental or physical supremacy. Every man, woman, or child who is doing something in his small way which will help this city along towards a position of supremacy is a booster for Rhinelander. The one who waits until something has been done and then yells, "Well done," or "Go to it" are only rooters.

OPEN SEASON FOR
DEER NOW ONUnfavorable Weather For Hunt-
ing Ushers In Season
Today

The season permitting the killing of deer in this section of Wisconsin is from November 11 to November 30, inclusive, and from now until the last day of the month the woods will be thronged with hunters. The weather today is anything but favorable, the heavy rains of the past few days filling the swamps with water, and making the progress of the hunter a slow and laborious task. And should the weather continue warm the matter of keeping the carcass of a deer any length of time will be a serious one. Since the date of the list of licenses published elsewhere in this issue was made County Clerk Verage has been issuing hunting licenses at the rate of nearly fifty a day, so that the total in this county now is crowding the 2000 mark.

It is prohibited to hunt or kill deer between one hour after sunset and one hour before sunrise, or in the water or on the ice, or with the aid of a dog or artificial light, or from a scaffold, or with a spring gun or by means of a trap, pitfall or snare.

Dogs cannot be used for hunting any kind of game or wild animals during the month of November in counties where it is allowed to hunt deer. It is unlawful to have a dog in possession in or about a hunting or logging camp.

A hunter in possession of a hunting license may transport one buck deer from Nov. 12 to Dec. 3. It is unlawful to have venison in possession after Dec. 3, except a resident hunter who kills a deer and notifies the state conservation commission in writing before the season closes, stating when and where the deer was killed and the number of pounds of venison then in his possession, may keep the venison for his own family use.

A hunter who kills a deer (buck) shall immediately attach and leave attached to the carcass or part thereof, section "B" of his resident or settler's hunting license, or section "B" and "C" of his non-resident general hunting license. No person shall have in his possession any such carcass without such coupon attached or which does not have thereon sufficient natural evidence of its sex.

Green deer heads and skins may be shipped without the coupons before Jan. 3.

NOSE BROKEN

Richard Reed in a fall at his home Saturday struck his head against the window of his room, breaking the glass, and also the bridge bone of his nose. The injury, while a rather painful one, will not detain him from leaving home.

WILL ENFORCE THE
TRESPASS LAWKeep Off The Railroad Tracks
And Thus Avoid Arrest And
Punishment

Under a new law enacted by the 1915 legislature, the railroads of Wisconsin can imprison and fine any person who ventures upon the right-of-way of a railroad, any person who leads an animal lengthwise of a railroad track and any person who removes a fence or cattle guards. A fine of \$50 may be imposed upon a trespasser and if the fine is not paid the guilty person can be sent to jail for 50 days.

Both the Soo and Northwestern railway company is preparing to see that the above law is strictly enforced. The Northwestern company has posted cards at every station along its system in Wisconsin giving the text of the new law, and the Soo company has notified the mayors of the cities along its lines that they will look for the enforcement of this law.

This law will effect persons who walk the tracks to shorten their destination and the curious who venture onto the right-of-way to see wrecks and accidents.

The new law recognizes the fact that railroad tracks are built for trains only and that sooner or later persons will have to take to roads altogether. It will make it unpleasant for venturesome lads who follow the dangerous practice of catching trains unless their parents come to their aid with the fine.

Deaths on the right-of-way of railroads have been so numerous that the new law was placed on the statute books with a view to protecting people from their own shortcomings.

BEATS WIFE AND
LANDS IN JAIL

Theodore Seaman, residing at 609 north Brown street, on complaint of Chief of Police Straub, was brought before Judge Smith in Municipal court Friday on a charge of assault and battery, the victim of his wrath being his wife. He entered a plea of not guilty to the charge, was tried and found guilty and by Judge Smith sentenced to serve sixty days in the county jail. He is not a stranger in the local courts, having been up on various charges before.

GETS BOUNTY
ON WOLF SCALP

David Dehart, a resident of the town of Monico, brought in the scalp of a full grown wolf Monday and collected the bounty of \$10 from the county and a like amount from the state. Mr. Dehart states that there are others in the same vicinity.

MUNICIPAL COURT

Albert Grudzinski, assault and battery charge. In court Thursday, November 4. Case adjourned until November 9, settled out of court.

Case against Felix Rhode on whom peace bonds were asked, was also settled as above.

David Bland of Enterprise, on violation of the game laws, was gathered in on a complaint made by D. M. Cranston, conservation warden. Found guilty as charged and paid a fine of \$25.00 and costs.

Chas. Smith, charged with assault upon one Frank Borda of Monico, on November 2nd, on being brought before the court plead not guilty to the charge and the case was adjourned until today.

Eugene Anderson on complaint by Warden Egan was in court for violation of game laws. Was fined \$25 and costs. Fine was remitted on payment of costs.

Nels Evenson on a d. and d. charge was given twenty days in jail Wednesday morning.

Nels Lundberg for having muskrat skins in his possession which were obtained in the closed season parted with \$25.00 fine money besides paying costs in the case.

MAY NOW WED

County Clerk Verage issued marriage licenses as follows since the last issue of this paper:

Lloyd Anderson, Three Lakes, and Marie Bonilla, Colman.
John Bonkowski and Lucy Tryczak, both of Three Lakes.

DRUGS CLIMBING
UPWARD RAPIDLY

"If the European war continues much longer" says a local druggist, "I don't know where prices will soar to." One of the drug store commodities of the most common use that is affected by the European hostilities is peroxide of hydrogen. It is practically off the wholesale market at present. In commenting on this a Milwaukee wholesale drug house representative is quoted as follows in a Milwaukee paper:

"Getting sick is going to be an expensive matter, as there are some drugs that can not be obtained for love, money or influence. The lowly bromide that used to sell for 30 or 40 cents a pound is bringing \$5 a pound at present, and the supply doesn't anywhere near meet the demand. Quinine, which, in its palmy days, sold for 30 cents an ounce, is now bringing \$2.25 an ounce. Glycerine, which formerly sold at 20 cents, is netting 60 cents a pound. Sage-oil brought 5 cents a pound. Thirty-five cents is the price now asked. Cod liver oil, that bitter enemy of our youth, which in former days had a market value of \$10 a barrel, is now sold at \$80 a barrel. Sweet herbs, potassium permanganates, olive oil, sarsaparilla and many other drugs whose unpronounceable names are on the shelves of the drug stores are a familiar sight, are all 'way up'."

So when you go to the druggist for anything in his line and are asked double what you formerly had to pay, don't think he is holding you up. The chances are that his actual profit on the sale is less now than it was a year or so ago.

MEDFORD TEAM
MEETS DEFEATSmall Crowd Witnesses Game
Which Ends With 9 to 6
Score

Saturday was all that could be desired as an ideal day for a foot ball game. But the fine weather failed to draw the people in the numbers that had been hoped for, the crowd witnessing the game being small. The game started promptly on time. Rhinelander kicked off to Medford and Medford carried the ball to a point near the home line and fumbled. Ball recovered by Arnold for Rhinelander. Rhinelander carried ball to Medford's 25 yard line where Arnold made a place kick putting the ball squarely between the posts. Score at end of first half 3 to 0 in favor of the home team.

In the second half Medford came back strong and made touchdown, but failed to kick goal. This spurt, however, ended with their touchdown. Thereafter it was Rhinelander's game. A forward pass, Frogner to Johnson netted fifty yards for Rhinelander. McTae crossed the goal line on an end run, goal was missed. In the middle of the last quarter McTae was crippled and had to be taken from the game and time was called with Rhinelander on Medford's fifteen yard line. Score 9 to 6.

There were no individual stars for Rhinelander. Every member played foot ball to the best of his ability and it was the excellent team work that won the game.

Weather permitting the last game of the season will be on Saturday, when the local team will go to Ironwood for a return game with the school team of that city.

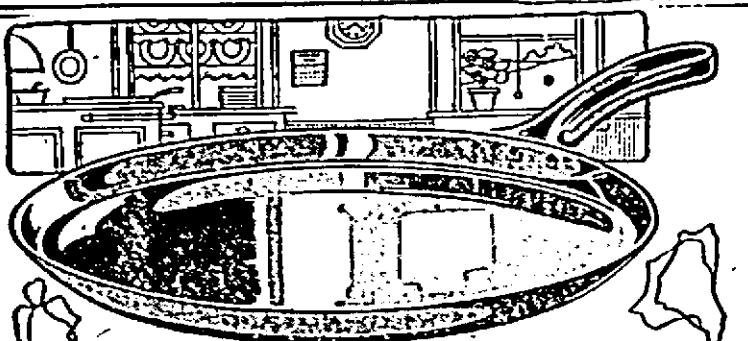

SIX MONTHS FOR
SELLING LIQUOR

John Antonink, who on complaint of Chief of Police Straub, was arrested and brought into Municipal court on Tuesday for violation of one of the city saloon ordinances—disposing of intoxicating liquor without a license, was found guilty and was given six months to ponder over the matter at the county jail. Antonink, who is a Russian, has given the officers trouble in the past and his name appears on various pages of the court records of the county.

HEAVY RAIN

The storm last night was one of the heaviest rainfalls of the year, and an unusual one for so late a date as this. From seven until nine o'clock the storm was the most severe but the rain continued at intervals all night. The total rainfall from five o'clock yesterday afternoon until seven o'clock this morning as reported from the official weather station here was 1.20 inches.

Miss Susie Jones of Merrill, was a guest of Miss Nellie Plugh this week.

This Karo Premium Griddle

LABELS from 50c worth of Karo (blue or red) and 85c brings you fine 10 1/4 inch aluminum griddle by parcels post prepaid. This Karo griddle, light and easy to handle, bright as a new dollar and needs no greasing, therefore no smoke. Heats uniformly all over, is very economical, will not rust, is easy to keep clean—and **MAKES THE FINEST GRIDDLE CAKES YOUR MEN FOLKS EVER TASTED.**

This griddle retails regularly at \$2.25. Send your order for the Karo Aluminum Griddle today. This offer will prove popular. Place your order promptly.

The Men of America Know Pancakes and They Know KARO

At great expense we are seeking to place a Karo Aluminum Griddle in the homes of all Karo users, so that Karo—the famous spread for griddle cakes and waffles—may be served on the most deliciously baked cakes that can be made.

Our Corn Products Cook Book and Preserving Book—illustrated in full colors—prepared by America's foremost culinary authorities will be sent free with each griddle, or without the griddle on request.

EVENTS OF WEEK IN NEARBY TOWNS

Ironwood—

Messrs. L. C. Brewer, of Ironwood, and Geo. Rupp of Bessemer, have taken an option from Aver & Longyear on the S 1/4 of the S 1/4 of Section 22, in Ironwood, which means the south 80 acres of the Norrie mine, says the Ironwood Times. The lease on this property was given up by the Oliver Iron Mining company, which had worked the property for many years, on the first of last January, and the option was taken by Messrs. Brewer and Rupp on the twenty-second of last month. The Oliver company, in giving up the lease stipulated for a continuance of the use of such shafts and drifts on the old property as might be necessary in the working of the North Norrie property.

Hurley—
Oscar Renni a Finnish resident of Montreal, was arrested on the charge of killing his four months old son, Aurel Renni. The tragedy occurred while the man's wife was at a neighbor's on an errand; Renni had been left in charge of the child and becoming enraged when he was unable to stop its crying threw the child violently on the bed, its head striking the wall and fracturing its skull, the child dying an hour later. Gladstone—

Escanaba police officers arrested John Shiverette at Bark River on a charge of check forgery. He must face two charges at the January term of circuit court. Shiverette is alleged to have stolen the paper and then committed the forgery. He is held for larceny and forgery. The man was arraigned before Judge McEwen and placed under \$500 bonds, which he could not furnish. He will be held at the county jail to await trial.

Ladysmith—
Louis Serley and Andrew Berg of Murry, apprehended by Game Warden Soule for trapping during the

WHY YOU ARE NERVOUS

The nervous system is the alarm system of the human body.

In perfect health we hardly realize that we have a network of nerves, but when health is ebbing, when strength is declining, the same nervous system gives the alarm in headaches, tiredness, dreamlike sleep, irritability and unless corrected, leads straight to a breakdown.

To correct nervousness, Scott's Emulsion is exactly what you should take; its rich nutriment gets into the blood and rich blood feeds the tiny nerve-cells while the whole system responds to its refreshing tonic force. It is free from alcohol. Scott & Bowne, Bloomfield, N. J.

closed season, were hauled before Justice Reeves Wednesday where a fine of \$50 and costs was attached to each of them. Warden Soule confiscated for the state all the skins and traps in possession of the guilty ones.

Stervens Point—
Another case under the new law which makes it a misdemeanor for persons to whom the sale of intoxicants has been forbidden to enter a saloon, has come before the municipal court. Alex Worzella, a posted person, pleaded guilty to having entered two saloons in this city. He did not seek to buy a drink, neither was one tendered him but the penalty imposed by the court was a fine and costs amounting to \$13.56, or thirty days in jail. The jail sentence was temporarily suspended and he was given a few days in which to pay the fine and costs.

Eagle River—
N. L. Kinney shot a coyote on Adams Bros' farm and likely one of the varmints that have been getting their fresh meat supply from the Adams flock of sheep for the past few weeks. Mr. Kinney received the usual state and county bounty of \$40 for his day's labor.

TEACHERS WANTED

Rural schools; salary, \$45 and \$50 per month; term, six months; enrollment, six to twenty pupils in grades seldom above the sixth.

Nationality of people, German Russian; boarding places, not very sanitary in some instances and from a quarter to two miles from school-house; people, speak German and some English, industrious and appreciative of a teacher who attends to business.

Qualifications of teachers: (a) Must hold a teacher's certificate, or a four year high school diploma with an average high school standing not below eighty-two per cent or a diploma from some other educational institution either the equivalent of or higher than a four year high school; (b) must be between 18 and 30 years of age; (c) must be in good health; (d) must have a good recommendation from a principal, superintendent, or president of school board; (e) must be willing to work. Send your application at once to the County Superintendent of Schools, McIntosh County, Ashley, North Dakota.

A list of names from county superintendents will be highly appreciated.

LANDS AND FARMS FOR SALE
Farm lands and improved farms for sale on easy terms. It is our endeavor to settle, not merely to sell, therefore we aim to show lands as we actually see them and not misrepresent in order to make sales. H. C. RODE, N4-18 P. O. Roosevelt, Wis.

NORTH CRANDON FAVORED

Beginning the first of this month North Crandon was made a regular stopping place for the fast limited trains Nos. 7 and 8 on the Soo line. Heretofore these trains only stopped at that station when flagged, or to leave off passengers.

VALUE PER ACRE FOR 1915 CROP

October 1st Prices
The government crop report for October contains the data from which the following table is made:

	Wis.	Min.	N. D.	S. D.	Mont.
Wheat, value per acre.....	\$22.31	\$14.52	\$14.55	\$13.37	\$19.41
Oats, value per acre.....	15.51	12.01	9.83	11.31	11.40
Barley, value per acre.....	18.11	13.02	10.93	12.80	13.91
An acre of each.....	55.93	39.53	35.31	37.51	47.78
Average per acre.....	18.61	13.19	11.74	12.50	15.93
Less than Wisconsin.....		5.43	6.90	6.14	2.71

On a five per cent basis the above figures would make Wisconsin land worth \$109 more per acre than that of Minnesota, \$138 more than that of North Dakota, \$123 more than that of South Dakota, and \$54 more than that of Montana. But the better returns in Montana are largely the results of expensive irrigation, the real results probably being no better than in the other states with which comparisons are made.

COMING MEETING OF SPUD GROWERS

State Convention Next Week At Marinette Promises To Be Great Success

Marinette, Wis., Nov. 10.—With thirteen county exhibits already entered, and a half dozen still undecided, the 1915 State Potato Show and Convention, which will be held at Marinette, Nov. 17-19, is already assured of being the biggest potato congress ever held in this country. The individual exhibits from the growers of the many potato counties of the state, and also the school exhibits, exceed the entries of any previous year.

The counties which have entered their exhibits, the men in charge and those assisting in the work are: Waupaca County, Chauncey Boyce, County Treasurer, and Soren Jensen, both of Waupaca; O. C. Woodward, Weyauwega; D. C. Hayward, Secretary of County Potato Growers' Association.

Wood County, Benjamin Hanson and Huber Bros., both of Grand Rapids.

Barron County, R. L. Cuff, County Agent Barron; C. A. Beggs, Buyer, Cameron.

Sawyer County, Jens Uhrenholdt, Maynard; George M. Huss, Reserve.

Bayfield County, F. Kern, Bayfield.

Oneida County, W. D. Juday, County Agent, Rhinelander.

Langlade County, F. Swoboda, County Agent, Antigo.

Lincoln County, A. H. Cole, Merrill; Hal Brooks, Tomahawk.

Forest County, John Swenhardt, County Agent, Grandon; J. D. Grandine, Secretary of County Association, North Grandon.

Marinette County, H. E. Parsons, Crivitz; O. C. White, Amberg.

Rusk County, C. P. Coon, Bruce.

Oconto County, J. N. Parkinson, Lena; Wm. Ninker, Oconto; Eldred Klausner, Stiles.

Dunn County, George T. Vorland, Colfax; Martin Fruwog, Colfax.

Counties which may enter county exhibits and the men in charge of the work in such counties are:

Washburn County, Sam Williams, Earl; Mr. Jenks, banker, Trego.

Marathon County, J. Humphrey, County Agent, Wausau; W. A. Von Berg, Monice.

Waushara County, F. S. Durham, James Gunderson, both Wautoma.

Taylor, R. Kolb, Medford.

Individual growers will exhibit all of the counties named and from the following counties, the men named being in charge of the work:

Portage County, O. A. Crowell, banker, C. B. Cook, both of Almond.

Vilas County, Amos Radcliffe, Oscar Gunderson, County Agent, Eagle River.

Polk County, John Klinka, County Agent, Balsam Lake.

Over a dozen railroad officials of four lines and forty local agents will be in attendance at the show and convention, and the United States Department of Agriculture will be represented by three officials. The show and all sessions of the convention will be free.

THE STERILIZATION LAW

The sterilization law went into effect November 1, according to a statement of the state board of control, with twenty-four operations on patients in the feeble-minded institution at Chippewa Falls. The law on this subject was enacted at the 1913 session of the legislature and the time that has intervened has been spent in answering the requirements of the statute in holding meetings and consulting the patients and relatives.

AUTO OWNERS, LISTEN!

Mr. Geo. Meekma, who is in the plumbing business says: "By using Karbonde Crystals I get three miles more to each gallon of gasoline or 300 miles to \$1.00 package of K. C. Besides my auto is free from Carbon and operates smoothly. I now get 25 miles to a gallon. Purchase a package and save money and trouble." Sold by M. Haney, Rhinelander, Wis.

WOMAN 81 YEARS OLD

Made Strong By Vinol

Greenville, S. C.—"I want others to know of the great benefit I have derived from Vinol. I am 81 years old and Vinol has given me strength, a healthy appetite and overcame nervousness. It is the best tonic reconstitutor I ever used."—Mrs. M. A. HUTCHINSON.

"Vinol is a delicious cod liver and iron tonic without oil, guaranteed to overcome run down, weak, debilitated conditions and for chronic coughs and colds."

LYCEUM PROGRAM

The next number on the entertainment course in this city will be on the night of November 25th, when Wilfred A. Joubert, the well known lecturer will appear before a Rhinelander audience. This year Mr. Joubert has two lectures, "The Mexican Crisis" and "Tropical South America". At this time it is not known which he will give here but either one will be a rare treat for our people.

The third number of the course follows on December 10, when the Regimiers will give their unique musical entertainment. The closing number is Colby, the clever cartoonist, and his date of appearance here is January 6.

NOW LOOK OUT

When a cold hangs on as often happens, or when you have hardly gotten over one cold before you contract another, look out for you are liable to contract some very serious disease. This succession of colds weakens the system and lowers the vitality so that you are much more liable to contract chronic catarrh, pneumonia or consumption. Cure your cold while you can. Chamberlain's Cough Remedy has a great reputation. It is relied upon by thousands of people and never disappoints them. Try it. It only costs a quarter. Obtainable everywhere.

Circuit Court, Oneida County.

Sadie Ames, Plaintiff, vs. George Ames, Defendant.

The State of Wisconsin—To the said Defendant:

You are hereby summoned to appear within twenty days after service of this summons, exclusive of the day of service, and defend the above entitled action in the court aforesaid, and in case of your failure to do so judgment will be rendered against you according to the demand of the complaint, of which a copy is herewith served upon you.

R. J. MORTER, Plaintiff's Attorney, Oneida County, Wis. 07-N18

State of Wisconsin, Oneida County.

In Circuit Court, August Schlichting, Plaintiff, vs. Beulah Schlichting, Defendant.

State of Wisconsin, to the said defendant:

You are hereby summoned to appear within twenty days after service of this summons, exclusive of the day of service, and defend the above entitled action in the court aforesaid, and in case of your failure to do so judgment will be rendered against you according to the demand of the complaint, a copy of which is on file in above mentioned court.

R. J. MORTER, Atty. for the Plaintiff, Post Office address, Rhinelander, Wisconsin. 028-D2

Notice of Hearing, Settlement And Assignment

State of Wisconsin, County Court for Oneida County: In Probate.

Notice is hereby given that at a General Term of County Court to be held in and for said County, at court house in the city of Rhinelander in said county, on the first Tuesday, (being the 7th day) of December, A. D. 1915, at 10 o'clock A. M., the following matters will be heard and considered:

The application of Mary Madden, Executrix of the will of Patrick Madden late of the town of Minocqua in said county, deceased, for the examination and allowance of her final account of her administration, and for the assignment of the residue of the estate of Patrick Madden deceased, to such other persons as are by law entitled to the same.

By order of the Court: Dated Nov. 2, 1915. H. F. STEELE, County Judge.

A. J. O'MELIA, Attorney. N4-18

NOTICE FOR PUBLICATION

Department of the Interior U. S. Land Office at Wausau, Wisconsin, October 29th, 1915.

Notice is hereby given that Lawrence Nolan, heir at law of Morris Nolan, deceased, Rhinelander, Wisconsin, who, on June 22nd, 1912, made Second Homestead Application, No. 03580, for E 1/4 NE 1/4, Section 21, Township 37-N, Range 8 East, 4th P., Meridian, has filed notice of intention to make three year Proof, to establish claim to the land above described, before Clerk of Circuit Court, at Rhinelander, Wisconsin, on the 11th day of December, 1915.

Claimant names as witnesses: Henry Stadler, of Rhinelander, Wisconsin; Johan Stefan, of McNaughton, Wisconsin; Henry Mulker, of McNaughton, Wisconsin; Frank W. Griffin, of Rhinelander, Wisconsin.

HILMAR SCHMIDT, Register. N4-D9

Notice of Foreclosure Sale. State of Wisconsin, Oneida County, In Circuit Court. C. K. Purdy, Plaintiff, vs.

John Carden, A. W. Morey, his attorney in fact, and Foster A. Will, Defendants.

By virtue of a judgment of foreclosure and sale, made in the above entitled action on the 1st day of October, 1914, the undersigned sheriff of Oneida County, State of Wisconsin, will sell, at the front steps of the court house in the city of Rhinelander, Wisconsin, on the 27th day of November, 1915, at ten o'clock in the forenoon of that day, the real estate and mortgaged premises directed by said judgment to be sold, and therein described as follows: Southeast Quarter (SE 1/4) of the Northwest Quarter (NW 1/4) of Section Five (5) Township Thirty-seven (37) North of Range Five (5) East, and the Northwest Quarter (NW 1/4) of the Southeast Quarter (SE 1/4) of Section Five (5) Township Thirty-seven (37) North of Range Five (5) East, all in Oneida County, Wisconsin.

Terms of sale cash. Dated October 10th, 1915. CHAS. S. CROFOOT, Sheriff Oneida Co.

A. J. O'MELIA, Attorney. o-14-n-18

State of Wisconsin, Circuit Court, Oneida County.

Robert Kuehne, Plaintiff, vs. John Paul, Leopoldina Paul, Mary J. Mecikelski, Towle & Larzelere, Ira Towle, E. F. Bergen, John Svama and First National Bank of Seymour, a corporation duly created, organized and existing under and by virtue of the laws of the State of Wisconsin, Defendants.

By virtue of a judgment of foreclosure and sale made in the above entitled action on the 28th day of September, 1914, the undersigned, Sheriff of Oneida County, State of Wisconsin, will sell at the front door of the court house in the city of Rhinelander, said county and state on the 1st day of December, 1915, at 3:00 o'clock in the afternoon of that day, the real estate and mortgaged premises directed by said judgment to be sold, and therein described as follows:

The North West quarter (NW 1/4) of the North West quarter (NW 1/4), of Section twenty-three (23), Township thirty-five (35), North of range eleven (11), east; and in the event said described tract of land does not bring sufficient at said sale to cover the amount of judgment with interest and costs to date then the South West quarter (SW 1/4), of the North West quarter (NW 1/4), of section twenty-three (23), Township thirty-five (35), North, Range eleven (11) east.

Terms of sale cash. Dated September 30th, 1915. CHAS. S. CROFOOT, Sheriff.

E. C. SMITH, Attorney for Plaintiff. 07-NN18

SUFFERER FROM INDIGESTION RELIEVED

"Before taking Chamberlain's Tablets my husband suffered for several years from indigestion, causing him to have pains in the stomach and distress after eating. Chamberlain's Tablets relieved him of these spells right away," writes Mrs. Thomas Casey, Geneva, N. Y. Obtainable everywhere.

CHAS. S. CROFOOT, Sheriff. 07-NN18

WHEN a man kicks-the kinks out of his tobacco

delusions and learns how good, real tobacco is, he naturally feels pretty happy all over. Naturally too, he don't want to hog a good thing all to himself, so he lets his friends know the big difference there is between the ordinary big wad and the little satisfying Real Tobacco Chew.

A little chew of pure, rich, mellow tobacco—seasoned and sweetened just enough—cuts out so much of the grinding and spitting.

ASK YOUR DEALER FOR W-B CUT CHEWING TOBACCO. IT IS THE NEW REAL TOBACCO CHEW—CUT LONG SHRED.

Take less than one-quarter the old size chew. It will be more satisfying than a mouthful of ordinary tobacco. Just take a nibble of it (until you find the strength chew that suits you, then see how easily and evenly the real tobacco taste comes, how it satisfies, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is The Real Tobacco Chew. That's why it costs less in the end.

The taste of pure, rich tobacco does not need to be covered up. An excess of licorice and sweetening makes you spit too much.

One small chew takes the place of two big chews of the old kind.

(Notice how the salt brings out the rich tobacco taste.)

HUNTING LICENSES LISTED IN COUNTY

Conservation Wardens Learn Where Hunters Are Hunting Without License

D. M. Cranston and John Egan, Conservation Wardens, have recently been studying County Clerk Verage's hunting license list for the purpose of learning in what sections of the county hunters are hunting, contrary to law without a license.

They found the 1326 hunting licenses issued up to Nov. 7th, by County Clerk Verage distributed among the patrons of the several postoffices patronized by citizens of Oneida county as follows:

Bradley	47
Clearwater Lake	5
Enterprise	22
Gagen	15
Harshaw	32
Hazelhurst	39
Jennings	9
Minocqua	157
Monico	34
McNaughton	28
McGord	5
Pelican	32
Rhinelander	527
Robbins	39
Roosevelt	8
Starks	28
Three Lakes	159
Tomahawk	33
Tripoli	21
Woodruff	62
Ten other postoffices	19
Total	1326

The above is said to show that the hunting licenses issued up to date is low in several communities of the county. If such is the case it will be good business policy for all delinquent hunters to invest a dollar in a hunting license rather than bet from \$50.00 to \$200.00 against the cost of a hunting license that they can hunt without a license and not get caught.

The fine for hunting, contrary to law without a license, is from \$50.00 to \$200.00 and costs.

The owner or occupant of any land and any member of the family of such owner or occupant may, without a license, hunt and kill rabbits thereon at any time and may hunt and kill squirrels thereon during the open season. But the hunting of other game animals, game birds, and the trapping for fur-bearing animals can lawfully be done only after the hunter or trapper has secured a hunting license. Get a license and play safe.

FARMERS ATTENTION

We buy peeled white cedar posts and poles when delivered to our cedar yard near the red bridge on north side of city. Call at our office for prices. Brown Land & Lumber Company, Merchants State Bank Bldg. N4-23

One of the baldest men I ever knew inherited a large fortune made by his father in the manufacture and sale of a well known patent hair tonic. In addition to being bald and rich, this man was a well educated and thoroughly competent physician. Money, free access to barrels of patent hair tonic and to all the knowledge of medical science have failed to make two hairs grow in his head where only one grew before. And that one instance tells all there is to be told about curing baldness once it is well established. It can't be done.

One might as well attempt to grow a new leg after an amputation as to make hair grow out of destroyed follicles, which is the physician's name for the sacks or hair beds which enclose the roots and furnish nutriment to the hair.

And that suggests the singes by which barbers counteract the barber shop smell of bay-rum, witch-hazel, and perfumed soap. Singeing the ends of cut hairs is proposed by the barber for the alleged purpose of sealing the ends of the cut hair and thus prevent the waste of the nutriment which is supposed (by him) to rise in the hair, like sap does in a tree.

Hairs are not comparable to trees either in the nature of their trunks or in their growth. Like fingernails and horses' hoofs they are grown in and pushed out of the beds or nests at their roots.

Beyond the root, hairs and nails are no more living matter than are telegraph poles.

People who have thin scalps tightly drawn over their skulls have a much greater tendency to baldness than have those with thick movable scalps. The former variety does not furnish so much blood to nourish the hair roots. Such scalps are particularly prone to dandruff. Dandruff is a symptom of a disease called seborrhoea believed by most skin specialists to be a contagious disease which is spread by unclean hair brushes particularly of barber shop and women's hair dressing parlors.

Whereas falling hair is held to be largely due to unclean scalps, the greatest preventive and hair tonic is scrupulous cleanliness. A splendid cleansing and antiseptic shampoo is furnished by tincture of green soap. Massage and thorough brushing for several minutes each day will do a great deal to furnish nutriment and "tonic" to sick hair roots.

Finally, don't treasure those falling hairs and don't be fearful about brushing or washing them out. They'll fall out anyway and if the scalp is in good condition and the hair sacks aren't dead, or nearly so, new hairs will take their places.

COUNTY BOARD IN ANNUAL SESSION

Old Officers Re-elected, Bills Passed On And Other Work Done

The county board of supervisors have been in session at the court house since Tuesday afternoon and will probably not adjourn before tomorrow or Saturday. Much of the time the early part of the meeting was taken up in committee work, etc. All bills, except those for illegal taxes, were passed on and allowed, the latter being laid over until later, probably at a meeting in January.

E. W. Knapp and A. W. Brown were re-elected as members on the training school board; Sumner Hamilton was elected to fill the position of janitor at the court house for another year, and Jas. O'Melia was chosen as poor commissioner, all without opposition. F. E. Parker was also selected as highway commissioner for another year. The position of poor physician, now held by Dr. H. L. Garner, has not been filled and bids will be called for on this.

TO DAM STATE'S GREATEST POWER

The first application for a permit to construct a dam and hydraulic power under the new water power law passed by the last legislature, was filed by the Wisconsin-Minnesota Light and Power company with the Wisconsin railroad commission on Wednesday. The company, according to its application, wants to build a sixty foot dam in the Chippewa river, a short distance north-east of Chippewa Falls, which will produce 43,000 horse power. This would make it the largest water power in the state. The cost of the dam, it is estimated, will be more than \$2,000,000. The railroad commission will hold a hearing on the application in the city of Chippewa Falls on Dec. 13. Under the new water power law, the state reserves the right in permits granted for the development of water power to purchase the water power at the expiration of thirty years.

TO HEAR CLAIM
Members of the Wisconsin Industrial Commission will hear testimony and arguments at Stevens Point next Wednesday on two cases, one of which is that of Geo. Gregory of Tomahawk who seeks a settlement in the matter of compensation from the Brown Brothers Lumber Co. of this city for injuries sustained in a logging accident last March, while he was in the employ of the lumber company. Pflinger & Gallagher appear as attorneys for Gregory.

BUYS MILK ROUTE
The Rhinelander Creamery & Produce Co. have taken over the milk route of the Riverside Dairy and as soon as arrangements can be completed will pasteurize all milk sold, delivering in bottles to their patrons. This is an advance step and in the right direction.

A DRY SUNDAY
For the first time in many moons Rhinelander experienced a dry Sunday last Sabbath, when on orders from Mayor Anderle the Sunday closing saloon ordinance was rigidly enforced.

Not only were the city saloons closed, but the nearby wet shops in the towns of Pelican and Crescent were also ordered closed by the proper officers. No serious trouble resulted from the enforcement of the law.

Jeff Redfield arrived Sunday morning from Green Bay to spend a few days at the home of his parents. A demonstration of a coal oil gas burner for use in stoves was given in the city during this week. Messrs. Dalson and Miller, who have the agency for Oneida, Vilas, Forest and Langlade counties, will have something to say of the invention through the advertising columns of this paper next week.

Yesterday marked the first anniversary of the death of Rev. Fr. Leinfelder, who for many years was in charge of St. Mary's church in this city. A requiem high mass was held at nine o'clock for the deceased. A number of priests from neighboring towns were present at this and other services held during the day.

FOURTEEN THOUSAND IS SUTTON'S TOTAL SHORTAGE

Council Holds Special Meeting Last Night and Accepts Audit and Bond Company's Report

A special meeting of the common council was called for last night for the purpose of hearing the report from the Audit & Bond Co. of America, whose expert accountants have been at work for a period of more than six months checking over the books of the city treasurer. For this work the city has paid out nearly \$4,000.00, to be exact a little over \$3,800.00. The period covered by the check-up on the treasurer's office dates from March 20, 1894 to October 30, 1915. In that time the shortages found against A. D. Sutton footed up a grand total of \$14,008.78. Of this amount \$12,475.33 consists of actual cash receipts and collections, and \$1,533.45 is the amount made up of 2 per cent. tax fee penalties, and balances due on saloon licenses, the latter back in the time of E. P. Brennan's reign as mayor. Of this shortage \$5,500 was returned to the city by Mr. Sutton previous to his resignation.

The full report covers nearly 100 closely typewritten pages, the first ten or fifteen pages of which are given over to a detailed summary of the

various exhibits which go to make up the balance. After the report was presented it was voted to accept the same and have it become a part of the city's official records. All aldermen were present at the meeting with the exception of W. H. Gilligan, Jr. from the fifth ward.

City Attorney Morse was instructed to proceed in the work of obtaining a settlement of the matter, and was given authority to obtain such legal counsel as he thought necessary. A number of suggestions and recommendations along the line of improvements in the system of work in the treasurer's office, and in the arrangement thereof was given in the report. It is quite likely that these matters will be considered at a later meeting.

The only other business transacted at this meeting was the allowance of a claim of the Lowell-Chaffee Co. for \$549.81 in payment for the Wabash street sewer which was recently completed.

A. J. Kimber returned home today from a trip to nearby towns in the interests of the firm which he represents.

J. L. Bailey will spend the winter at Anderson and Jorgenson's camp near North Grandon, leaving for there today.

Mr. and Mrs. Hurtz of Farmington, Ill., are visiting at the home of Mrs. Hurtz's brother, E. O. Barstow, Secretary of Advancement Association.

Work on the Hilgerman block will be resumed next week, the steel beams which were held up in transit having finally arrived. Had this delay not have happened the building would now be ready for the roof.

The Northwestern company has restored what is known as the "fish train" on its Watersmeet branch, to be operated on its former schedule during the balance of this month. This is for the benefit of the hunters from the lower country.

It will be well for deer hunters to bear in mind the fact that the open season for partridge is over, having ended October 30. A severe penalty is provided for the killing of these birds out of season.

On invitation of Poor Commissioner O'Melia the members of the county board took dinner today with Mr. and Mrs. Cronan who have charge of the county poor farm.

Airtight Rubber Cork.
A stopper for bottles that is especially valuable for travelers consists of a solid rubber cork that goes down into the neck of the bottle, and a circular collar of soft rubber rising from the top of the cork. When the cork is driven home this collar is turned down over and outside the neck, which it makes watertight and airtight. The solid cork and the flexible collar are all in one piece.

Hadn't Forgotten.
A former bishop of Bath and Wells loved to impress on his ordination candidates the importance of a thorough study of the "Analogy" of Bishop Butler. "Good-by, my dear young friend," he once said in taking leave of a student at the palace door; and then earnestly added: "Whatever you do, don't forget the Butler." "Oh, my lord, I haven't," stammered out the youth. "I have just given him half a crown!"—T. P.'s Weekly.

Highland English.
English as she is spoke in the remote highlands is not exactly the tongue of the south, which fact is illustrated by a brief conversation which took place between three highland gillies, who had a sup each of the laird's own mountain dew. Says Tougall: "That was the fery pest whusky her naise!" Asseented Tonnal: "So did I neither." And Angus corroborated, "Neither did I, too!"—London Globe.

Made It Unanimous.
"Have you any militant suffragists in Crimmon Gulch?" "Nary," replied Bronco Bob. "When the school teacher dropped a hint as to how she'd like to vote we'd have been glad of a chance to shoot up anybody that 'ud interfere with her. But by common consent we turned the polls over to her as 'all stayed away so's there wouldn't be any chance of her bein' embarrassed."—Washington Star.

Hard to Penetrate.
Rankin—"It takes a long time to get anything through Beambrough's skull, doesn't it?" Phyle—"I should say it does; that man will be dead and buried before he ever finds out he is sick."—Youngstown Telegram.

Object of Theater.
The object of the theater is not to teach us what this or that particular person has done, but what every person of a certain character under certain circumstances would do.—Leasing.

For the One-Armed Man.
Count Geza Zichy, who lost his right arm when a young man, has written a book relating his experiences in trying to make one arm do the work of two, hoping thereby to be helpful to others who may find themselves in the same predicament. Among other feats he succeeded in training his left hand to perform was that of playing the piano almost as well as the average person plays it with two hands.

Got Back at Judge Jeffreys.
The correspondent writes that of Lord Jeffreys, noted for his heartless cruelty, it is recorded when he was Chief Justice, he had a witness before him whose evasive answers aroused the judge's ire. The witness wore an exceedingly long and bushy beard. Said Jeffreys: "If your conscience is as large as your beard, you'll swear anything." Unabashed, the witness retorted: "If your lordship measures conscience by beards, your lordship has none at all."

Had Father in Mind.
At my small brother's party most of the children declaimed more than five or six helpings, relates a correspondent of the Chicago Tribune. I noticed that little Clarence continued to take a liberal supply of everything that went around the table, and instead of eating was piling the goodies high beside his plate. Finally he beckoned to me. "Say," he said, "please kin I have a bag? I can't eat any more myself, so I'm just goin' to take these home for my father's lunch."

Select Your Master.
You cannot serve two masters; you must serve one or the other. If your work is the first with you and your fee second, work is your master and the Lord of work, who is God. But if your fee is first with you and your work second, fee is your master, and the Lord of fee, who is the devil.—Ruskin.

Took Long to Develop Pens.
In the United States the first attempt to manufacture a gold pen was in 1835 by a watchmaker of Detroit. In 1860 an attempt was made in the United States to manufacture a fountain pen, but it was not until 1879 that they were constructed successfully.

Read Books in Old Days.
"The kind of books people read nowadays is rather startling." "Yes," replied Mrs. McGindley, "but I have my doubts whether folks stop dancin' long enough to read 'em. When I was young we used to read books and pretend we didn't. Now people pretend they read 'em and don't."

The Reason.
"Another embezzlement, I see. Isn't it odd that these are always committed by trusted clerks?" "Not at all. The ones that are not trusted never get a chance at the money."—Boston Transcript.

Just So.
"I don't see why the bicycle is so much more popular than the tricycle. I should think it would be much staidier and safer." "There's such a thing as having an excess of material. Like, for instance, trying to walk on three legs."

And There Are Many Such.
"What I hate to see," said Uncle Eben, "is a man dat kaint stand up foh his own rights without lookin' foh everybody else to lay down an' be walked on."

Making It Personal.
It is sad to see family relics sold at auction, but the most painful thing under the hammer is generally your thumbnail.

WAYS OF BLANCHING CELERY

Different Methods of Treating Plant Described—All Have Been Found Most Satisfactory.

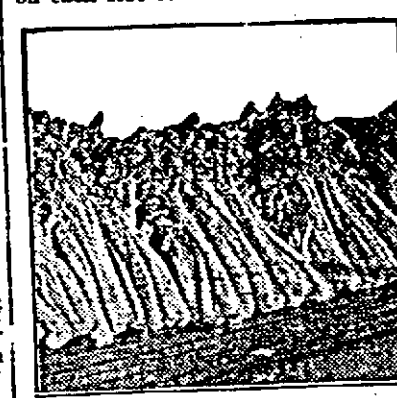

(By E. F. M'KUNE, Colorado Experiment Station.)

There are many different ways to blanch celery. The following have been found to be the most practical:

Trench Method.—When the young plants are set out, they are placed in a trench six or eight inches deep. As they grow, the dirt is gradually worked in around them, care being taken not to cover the leaves.

Banking Method.—Earth or clean straw can be used for this. When the plants get fairly large, the dirt between the rows can be pulled up around the stalks, or straw can be made to serve the same purpose. Do not use manure, as it is apt to ferment and injure the stalk.

Boards.—Six to eight-inch boards are often used. They are placed one on each side of the row, and as near

Celery Ready for Market—Slatted Work Used as a Base Makes Washing Comparatively Easy.

the plants as possible. Boards have the advantage over the other method in that they are easy to place when needed, and can be removed and stored until the next year.

Wrapping Paper.—Strong manila wrapping paper can be used. Each individual plant is wrapped. This is a slow method, but keeps the stalks clean.

Tile.—Four-inch drainage tile is sometimes used. The tile is simply slipped over the plant when it is seven to ten inches high. The tile stands in an upright position and affords good protection to the stalks. This method is not as expensive as it may sound because the tile can be used for many years for this purpose.

VERMIN CAUSE HOG DISEASES

No Animal Can Grow and Prosper if Festered With Insects—Disinfect Houses and Troughs.

It has been proved beyond question of doubt that lice on hogs cause cholera and other diseases, the parasites being carriers of disease germs. No animals can grow and do well pestered with insects.

It is practical economy to disinfect hogs, their houses, troughs and feeding grounds frequently. It is a means of keeping the animals thrifty and of avoiding disease. Lime and coal tar disinfectants should be used liberally and frequently wherever hogs stay or eat. There would be more and healthier hogs if farmers generally would purchase and use more lime and common cheap disinfectants for their hogs. A barrel of lime is cheaper and better than a dead hog.

The best way we have found of treating hogs for lice is to spray or scrub them with kerosene or crude oil every three or four weeks during the year, says a writer in Farm Progress. We use a wooden candy pail, placing in it a couple of gallons of warm water, about a gallon of kerosene and about a half cake of strong laundry soap. Soft soap is as good, or better. The mixture is stirred and sprinkled over the hogs with an old broom, while they are eating a good slop from troughs, when they will stand quietly for the treatment.

YOUNG PULLET WORKS QUICK

Rhode Island Red Chick Hatched in February Brings Off Brood of Chicks in July.

The following incidents were related recently by Roy E. Jones, extension instructor of the Connecticut college of agriculture:

"A Rhode Island Red pullet hatched February 5 stole her nest, laid 13 eggs and came off with her chicks on July 5, just five months from the time she herself was hatched. Allowing 21 days for incubation and 18 days or more for laying, this pullet must have taken up her life work at considerably less than four months of age. But this is not entirely an exception; 75 pullets hatched February 5, 7, 11, began laying June 18 and are nearing 50 per cent production at the present time. These pullets were fed sour milk from the very first and did not have water to drink until warm weather, when they were put out on the range. No beef scrap was used in their rations. Feed formulas recommended by the Connecticut agricultural college were used."

Seed Potatoes.
Do not buy imported potatoes for seed because they look nice and are cheap. They do not equal our home-grown potatoes as producers and there is great danger of introducing some new potato disease, such as wart disease, which is the most dangerous, and also spongospora scab, black leg and leaf curl are others which are practically unknown here.

People who use Peruna

Mrs. T. Frech, R. R. 1, Hickory Point, Tenn., writes: "I am happy to tell you that I am cured of catarrh. Having been afflicted with catarrh and stomach trouble for seven years, and after having tried four different doctors, who only relieved me for a little while, I gave up all hope of being cured. I was induced to try Peruna, and to my great surprise I am now entirely well. My health never was better."

FOR INDIGESTION

Mrs. W. R. Whitehead, R. R. 1, Pryor, Oklahoma, writes: "I am happy to tell you that I keep free from my old stomach trouble; feel no catarrhal symptoms at all. I am able to do my work, eat and drink what I want, and rejoice to know that I found a sure cure in your valuable medicine. I think it saved my life. By beginning in time with Peruna I was cured sound and well."

Are Strong and Happy

The Peruna Company, Columbus, Ohio. Those who object to liquid medicines can now procure Peruna in tablet form.

Earl Keelan of Kaukauna, who has been a guest at the home of his sister, Mrs. Jos. Kuehn for two weeks, returned home today.

Miss Kathryn Easton entertained a number of girl friends at a miscellaneous shower for Miss Pearl Sherman at the Easton home Tuesday evening.

CHILD'S HEALTH TEACHING PROBLEM

Striking evidence of an increasing recognition of the importance of health and of sanitary conditions and of the attention which is being given these subjects in the public schools will be furnished next week in Eau Claire where the Northwestern Wisconsin Teachers' association and the Wisconsin Library association will meet in annual session. The health exhibit of the Wisconsin Anti-Tuberculosis association and the Extension Division of the University of Wisconsin has been placed in the public library and will be open to the public all the week. Window exhibits, provided by cooperation of the Anti-Tuberculosis association with business men of the city, are being used to call attention to the needless waste from tuberculosis and other preventable diseases and to modern methods of disease prevention in which cleanliness and fresh air play important part. During the week lectures illustrated with stereopticon slides will be given.

NURSERY COMPANY IS INCORPORATED

Incorporation papers were filed the past week with the Secretary of State at Madison for The Rhinelander Nursery Company, which is, we understand, entirely a Rhinelander concern. The new company takes over the property of The Rhinelander Nursery which was started here a year ago, and expects to plant a great quantity of nursery stock, specializing on such varieties as are best suited to the northwest. This branch of the business is to be in charge of Mr. M. L. Gestrum of this city, who has a wide reputation as an expert nurseryman, and as this will be the most northern of any nursery in the central west, its success seems assured.

The company will maintain offices in the Merchants State Bank building. The directors are: D. F. Recker, C. P. Crosby, J. Weisman, A. E. Weesner, D. R. Hanford; the officers: D. F. Recker, president, A. E. Weesner, vice-pres., J. O. Moen, treasurer, D. R. Hanford, secretary.

MEMBERSHIP CAMPAIGN

The directors of the Rhinelander Advancement Association have inaugurated a membership campaign in an endeavor to swell the association membership to 100. It is now about sixty. Five committees of three members each have the work in charge. The names of each committee is given below.

Committee No. 1.—E. O. Brown, J. Weisman, E. A. Forbes.

Committee No. 2.—M. H. Raymond, E. D. Sterling, D. F. Recker.

Committee No. 3.—B. R. Lewis, S. B. Gary, C. P. Crosby.

Committee No. 4.—T. C. Wood, F. W. Meen, J. Segerstrom.

Committee No. 5.—J. O. Moen, C. P. Smith, A. E. Weesner.

MAY NOW HIRE VISITING NURSE

The Visiting Nurse is no longer only a charity nurse. While she still gives her first attention to this work—people able to pay something for her services may employ her. A maximum charge of fifty cents a working visit has been fixed and those employing the nurse will pay as large a part of that as they feel able to. In cases of extreme emergency, when the Visiting Nurse is called to stay on a case until some other nurse can be obtained, the regular nurses' rates will be charged. The money thus received by the association will be used in the aid of the unfortunate. One of the largest expenses of the association is for hospital bills. It is hoped that by this means it will be better able to meet such bills and extend its field of usefulness among the needy sick.

RHINELANDER WOMAN'S CHRISTIAN TEMPERANCE UNION

Press Committee: Mrs. Howe, Mrs. E. K. Riek, Mrs. Emma Wilde, Mrs. C. P. Crosby.

The Rhinelander Woman's Christian Temperance Union is most happy to announce that word was received by its President from Mayor Anderle, on Saturday evening last, that he had looked over the signatures to the petition on removing of screens and closing the saloons on Sundays, and that he would enforce the ordinance relating to the above. As far as has been learned the saloons were closed on Sunday and the curtains hiding the view of the interior fairly well removed. Some of the women on failing to get an unobstructed view of the interior of a few places wish attention called to the fact.

The W. C. T. U. was also very much gratified to learn that the outlying saloons were closed as well as those in town. As they were already to start the campaign for this, they wish to thank those responsible for the action.

It took many hours of work on the part of the women to secure 580 names on the Rhinelander petition. The names were finally handed Mayor Anderle with two lists still out. The women were ready if necessary to continue working until the names of a majority of voters were secured, and they are still confident that they could have done this. Many of the finest business and professional men in town as well as many others had not yet been asked to sign. They hope the time will soon come when every saloon in Oneida county, will be closed on Sunday and are ready to begin to work for this soon. Of course nothing short of full enforcement of the Sunday law, relating to other things besides the saloons will fully satisfy them and they hope the state of Wisconsin will be covered in this regard inside of a year. Even then the work will, only be well started for until national prohibition of the liquor traffic is accomplished these determined women of the Woman's Christian Temperance Union will never relax their efforts.

Mrs. Josephine Sizer, W. C. T. U. lecturer, returned to Rhinelander

from Tomahawk on Monday evening. While in Tomahawk she held two rousing union meetings on Sunday morning and evening, and a very enthusiastic country service in the On Tuesday evening she held a meeting at the Crescent Flats school house, Wednesday she addressed the Rhinelander W. C. T. U. Wednesday afternoon. On Monday p. m. she addressed the Tomahawk W. C. T. U. day evening she gave an address at the Swedish Lutheran church, Thursday and Friday she plans to spend at Robbins and Starks. She expects to spend some time in this vicinity again next spring.

Just received another new line of Women's and Misses' winter coats in velvets, corduroy, plush, and velours. We carry the biggest line of ready-to-wear in Rhinelander. Hart's.

HEAVY LOSS FOR FARMER

Jas. Bowman, a farmer living in the town of Merrill in Lincoln county, suffered the loss of his large cattle barn by fire Monday night together with twenty-four head of cattle. The barn was insured but the loss of live stock is not protected. Nearly one hundred tons of hay and 1000 bushels of oats were also fuel to the flames. Tramps are believed to be responsible for the fire.
